Classroom Instructor - Pressure Systems Welder Apprenticeship

Boilermakers Local 128 | Sarnia, Ontario

Boilermakers Local 128 is seeking a Classroom Instructor to teach the in-class portion of the Pressure Systems Welder apprenticeship program and deliver core safety training. We're looking for someone with a strong welding background who can explain technical concepts clearly, connect classroom instruction to real jobsite work, and help grow our Apprenticeship and Training Department.

Responsibilities

- Teach the in-class portion of the Pressure Systems Welder apprenticeship program, connecting welding theory to practical applications.
- Deliver the four core safety training courses.
- Develop and teach new courses as apprenticeship and industry training needs evolve.
- Work with the Apprenticeship and Training team to improve course materials and expand training opportunities for apprentices and members.

Required qualifications

- Extensive knowledge of welding theory and strong hands-on welding skills.
- Knowledge of Ontario's Occupational Health and Safety Act (OHSA) and applicable workplace safety requirements.
- Strong communication skills and the ability to explain technical material to learners with varying levels of experience.
- Ability to work collaboratively and bring forward ideas to improve and grow the department.

Preferred qualifications

- Pressure Systems Welder Certificate of Qualification or Welder Red Seal endorsement.
- Previous teaching, training, or instructional experience.

How to apply

Please submit your résumé and a brief cover letter outlining your welding experience, trade qualifications, and any teaching or training experience to Tom MacNeil at **tmacneil@ibblocal128.org** by **December 18th, 2026**
